

QUIZMAGIX

Feedback to Any Asked Question

QuizMagix is a feature that allows live interaction between the speaker and the audience in real time. Each delegate is able to answer a question or even participate in an opinion survey in real time via the Mobile web page. The question is displayed at the main screen and the delegate accesses the question via the congress app, after a time frame given time for example (20 sec.) the results are displayed at the main screen. The application is web-based application that allows users to access questions in a given session.
